## FAQS

**Why does 1 full day not appear on your fees table?**

We recommend your child attends nursery on 2 separate occasions per week so that it is a more familiar environment to them. Therefore it is not possible to attend only 1 full day each week.

**Why is the monthly invoice amount greater than 4 weeks at nursery?**

Fees are worked out over 52 weeks of the year but charged monthly, hence this variation.

**Why do you charge for 52 weeks a year when you are closed over Christmas?**

When we are closed, we still have to pay rent, business rates and our staff. It would make more sense to stay open! However we feel that our staff deserve that important family time, as do our Wee Mack children and their families.

**Why are half days more costly than full days?**

Having a child in for a full day is simpler for staffing, administration, cleaning, laundry etc.

**Why are 4.5 days not much cheaper than 5 days?**

We offer a 5% discount for children who attend nursery full time.

**Why are the rates different for under 3s, and over 3s?**

Staff ratios are different for under 3s so this is why their rates are higher.

**Do you offer funded hours for preschool children?**

Yes, we are currently in partnership with CEC for funding for children aged 3-5 and eligible 2 year olds.

**Do you take childcare vouchers, higher education funding or Tax-Free Childcare payments?**

Yes, we do! Enquire with the Manager.

**Are meals included?**

Yes – breakfast, fruit and lunch for morning sessions; and afternoon snack (hot) for afternoon sessions. Children attending all day receive all meals. The only exception is babies receiving formula or breast milk – please supply this for your baby.

**Is there a deposit or registration fee?**

Yes – £100 registration fee is required for all children at enrolment. This covers the cost of settling in sessions, start-up administration, water bottles/sippy cups and so on. It is not a deposit so is not refundable.

**When is payment due?**

Monthly in advance, before the 31<sup>st</sup> of the previous month. We can currently only accept bank transfer or standing order as a method of receiving non voucher payments.
